4. A short extract from the *vyākhyā*, made by an anonymous writer, is the *saṃxiptasāra*, Chambers 639 (Ss. or 3), which extends from adhyāya II to XXIV, and thus supplies in part the wanting adhyāyas of the *vyākhyā*. The ms. is written (on 106 leaves) *Samvat 1609 Gaḍhānagare* (or *Gaḍhādurge*, at the close of adhy. XIX) *du°śrī 3 śrīpatisuta Kṛishṇajīkena*, and is therefore the oldest of all the copies.
