५ or Mah. E. I. H. 2714 Mahâdeva's commentary on adhy. II-IV.

Mahîdh. Mahîdhara's vedadîpa.

Karka, Codex Mill. in the Bodleyan library, adhyâya IV.

M. Codex Mill. in the Bodleyan library (text of the whole sūtra).

To Dr. Aufrecht's kindness I am indebted for a passim comparison of this excellent copy.

II. For the paddhati (Adhyâya V).

१ Chambers 391^a, 1. — १ sec. hand.

B. Chambers 737.

The passages or words given in crochets [] are my own addition; for a part they consist directly from what is given in Ss. : others have been composed out of fragmentary notes taken from the vyākhyâ (२), where I had not copied the whole text of it: finally there are some, especially in the paddhati, supplied by mere conjecture, in order to render the connexion of the sentences more clear and intelligible or to make good for direct defects of the copies.
